Our Mission
Hope for Tomorrow’s mission is to provide safe, structured, substance-free housing, in conjunction with ongoing professional counseling, to individuals recovering from substance abuse/dependence, pathological gambling and/or nicotine dependence. Our objective is to teach individuals with chronic substance use disorders and/or compulsive pathological gambling addictions how to “build their lives around recovery instead of building their recovery around their lives”.

Since its inception, in October of 1999, Hope for Tomorrow has helped hundreds of individuals reunite with their families, develop a lifestyle centered on concrete spiritual principles, and incorporate a standard of living that fosters their emotional, mental, physical and spiritual well-being.

We Offer
Safe, structured, supportive and affordable, alcohol and drug-free housing, comprehensive medical/medication monitoring, peer-led community gatherings, professional guidance and support, supplementary food pantry, nearby transportation/employment/shopping/twelve step meetings, exercise equipment, washer/dryer, local telephone service, cable television, spacious living quarters, alcohol and drug counseling, spiritual guidance, and pathological gambling Counseling.

“Building lives around recovery instead of building recovery around lives”. ®

This is more than our motto, it is the core of our programs and the axis of treatment. Individuals that place recovery first and foremost in their life achieve long-term uninterrupted sobriety, and those that allow life’s distractions (e.g., work, family, relationships, financial wants, etc…) to interfere with their recovery process will relapse!

Jeff Gilbert, Founder & Executive Director

We offer DASA licensed residential and outpatient services. In addition, Hope for Tomorrow, Inc. is a proud member of the Illinois Association of Extended Care (IAEC) and the National Association for Addiction Professionals (NAADAC).

Professional clinical services are licensed by the Illinois Department of Human Services, Division of Alcohol & Substance Abuse (DASA).

CROSS-REFERENCE

We offer DASA licensed residential and outpatient services. In addition, Hope for Tomorrow, Inc. is a proud member of the Illinois Association of Extended Care (IAEC) and the National Association for Addiction Professionals (NAADAC).
Frequently Asked Questions

**What about employment? Do I have to work?**

- Yes. Everyone must secure full-time employment within seven (7) days of residency (including Saturday).
- Only first or second shifts are approved working shifts.
- Unemployed residents must be off-site between 8:00 a.m. & 4:30 p.m.
- Residents must attend a daytime meeting while job searching.
- All residents must contact the administrative office daily while searching for employment. Unemployed residents are advised to seek job counseling through the Illinois Employment Training Center (IETC).
- Once full-time employment is secured, residents must complete a comprehensive financial budget.

**How much are the fees?**

- Fees are $154 per week. In addition, a $100 Aftercare Deposit is required for all residents. This deposit covers the first ten weeks of psychosocial relapse prevention coaching for residents who successfully complete our program. Should a resident prefer to complete aftercare elsewhere, this fee is transferable as long as the agency/therapist is licensed and/or DASA recognized.

**Are there any groups at the house?**

- Yes. All residents are required to attend a weekly community education group. The group focuses on relapse prevention, behavior modification, spirituality, occupational and financial counseling, impulse control, self-esteem, core belief systems, and a variety of other recovery-based subjects.
- On Thursday evenings (8:00 - 9:00 p.m.) an in-house Big Book study group is available, and on Tuesday evenings, a Living Sober meeting is also available to residents. Then, on Sunday evening, a 12 & 12 meeting is available at one of the men’s residence.

**Can I receive independent or group counseling?**

- Yes. Ongoing counseling is required for all residents. Hope for Tomorrow offers a psychosocial relapse prevention group to residents/alumni for $10 per 90 minute session. Reduced rates for 60 minute individual sessions are available. For more information, see a HFT administrator.

**Can I take an overnight pass?**

- Upon successful completion of Phase One, residents are allowed to request overnight passes. Specific policies and procedures are outlined in the resident handbook.

**How long can I stay?**

- We require that all residents make a minimum six month commitment to the house. Residents may remain in residency as long as they are achieving life goals and there is mutual benefit between the program and the resident.

**Can I bring my car and/or motorcycle?**

- Residents are allowed to have automobiles and/or motorcycles. The resident must FIRST provide Hope for Tomorrow with a copy of their valid driver’s license, vehicle registration and proof of insurance.

**What amenities are provided?**

- Hope for Tomorrow provides a washer/dryer, cable television, local telephone service, supplementary food pantry, exercise equipment, professional clinical guidance, and comprehensive medical assistance to residents.

**What about meals /food?**

- An in-house supplementary food pantry is available to residents. Meal preparation is the responsibility of the resident. Food is to be prepared and eaten in designated areas only.

**What about a waiting list?**

- At times, it may become necessary to place individuals on a waiting list. In such circumstances, we require interested applicants to check-in on **Monday & Thursday** in order to maintain a current filing status. Failure to check-in on a timely basis will jeopardize your intake placement. Residents must provide current tuberculosis test results and other requested documentation prior to admission.

**Phase System & Phase Advancement**

- Hope for Tomorrow, Inc. has developed a phase system that advances and rewards residents through their recovery process. Phases are designed to mark milestones in the progress each resident makes in their quest for self-sufficiency. As a resident accomplishes identified tasks in a phase, they can apply for advancement into the next phase.

**Residential Requirements**

- Abstinence from all mood-altering substances, full-time employment (first or second shifts only), involvement in on-going independent counseling, twelve step meeting attendance, active involvement with support groups and sponsorship, compliance with curfew restrictions (12 a.m. to 4:30 a.m.), on-going community service, spiritual development, completion of daily house responsibilities (chores) and other duties (as assigned/monitored by house manager), financial and medication management ...
